Meet the Team

01 Introduction

Humans are evolving each day, we think of new ideas and ways to enhance our lives and everyday tasks and reach our goals by applying the least amount of time and the most direct approach while maintaining cost effectiveness. We have adopted all forms of technology to aid us through this process and it has become the greatest success since the Third Industrial Revolution. Technology has helped us reach frontiers that no person deemed possible in the past, we are going so far that we can see the outcome of events before they occur.

Did you know that half of the World's population makes use of the Internet? When broken down, this shows that almost 90% of people in developed countries and nearly 50% of people in developing countries use Smart Technology in their everyday lives. That is a massive impact on the amount of people who have access to information and resources which could help them, and their community enhance their lives and achieve more than they had before.

NF Gaming is helping Half of the World's Population earn Cryptocurrency!

We are launching our games and applications which are accessible and capable of working on all the most reputable smart devices which have access to the internet. We are bringing the potential to earn a cryptocurrency by collecting Tokens that are built into our games and applications which are loaded directly into the players or users' profile and will be transferred to their Wallets by request through our user friendly website. What makes us unique:

- Almost instant transfer times
- Earn While You Play
- Low fees
- No custody of Fiat Funds
- Available 24x7
- Cross platform integration including but not limited to iOS, Android, Sony PlayStation, Microsoft Xbox, Mac and Windows.

This document also introduces Luminaire (LUMN), a utility token backed by NF Gaming, and its role in the ecosystem. We launched LUMN tokens to involve our community in helping us build out NF Gaming, and reward them accordingly for contributing to our success. This helps us stay true to the ethos of cryptocurrency and blockchain - to share the rewards of NF Gaming's success with our early adopters and supporters.

Introduction to NF Gaming

NF Gaming was established in October, 2018 by gaming enthusiasts who sought to take the gaming world to new heights by creating games which enhance the experience of the gamer through innovative ideas, high quality graphics and leading edge technology which offers real life benefits. Our goal is to build the world's dreams into a virtual reality controlled by fingers and imagination while bringing fun and smiles to all faces across the globe through the endless possibilities of technology. NF Gaming was initially launched for mobile devices and its' content was only available through Google's Play Store and Apple's App Store. NF Gaming has now adopted development on multiple gaming platforms such as Sony PlayStation, Microsoft Xbox, Windows, Android and iOS to offer a unique and enhanced gaming experience for players across each leading platform.

Integration of our ERC20 Smart Token

Billions of people around the Globe are unable to participate in online experiences because of reasons such as "They do not have the infrastructure to do so" and others do not have enough income to make use of the Internet even if they would like to. NF Gaming has taken the initiative to Take Gaming to the Next Level by integrating Cryptocurrency into our games and applications, giving people the opportunity to earn and own ERC20 Tokens by playing our games. Holders of our Token can use these tokens by trading it on public exchange's or purchase online goods from our trusted partners.

Product Highlights

Easy installation of Apps with an average rating of 4.5+ stars

Multilingual support

Available on Android,

Soon to be available on: iOS, Windows, Sony PlayStation and Microsoft Xbox

02 Roadmap

ROADMAP HIGHLIGHTS

2018

OCTOBER - NF GAMING WAS ESTABLISHED.
DECEMBER - PLANNING AND DESIGN PROCESS OF OUR 1ST TITLE (SHELL CITY)

FEBRUARY - NF GAMING STARTED DESIGN AND LAYOUT OF GAME.
JUNE - GAME TESTING PHASE FOR ANDROID.
AUGUST - COMPLETION OF TESTING PHASE.
SEPTEMBER - PLANNING OF CRYPTO TOKEN CREATION.
NOVEMBER - NF GAMING ECOSYSTEM DEVELOPMENT

2019

2020

MARCH - RELEASE OF 1ST GAME ON GOOGLE PLAY STORE.
APRIL - DESIGN AND PLANNING OF 2ND AND 3RD TITLES
(SPACE ODYSSEY MARTIAN MARATHON AND NEBULA RAIDER)
MAY - COMPLETION OF GAMES AND TESTING PHASE.
JUNE - RELEASE OF 2ND TITLE.
JULY - CREATION OF LUMINAIRE TOKEN AND RELEASE OF 3RD TITLE
SEPTEMBER - RELEASE OF NF GAMING ECOSYSTEM
OCTOBER - LUMINAIRE TOKEN IEO AND 4TH TITLE PLANNING.

JANUARY - INCORPORATE LUMINAIRE TOKENS INTO CURRENT GAME RELEASES

AND 4TH TITLE RELEASE.
BEGIN CROSS PLATFORM GAME DEVELOPMENT ON BLOCKCHAIN TECHNOLOGY
AUGUST - RELEASE CRYPTO BATTLE ROYALE ON ONLINE GAMING PLATFORMS
OCTOBER - BE THE LARGEST CRYPTO GAMING DEVELOPERS WORLDWIDE.

2021

NF Gaming Ecosystem

We have developed an ecosystem with unique characteristics that compliments the Gaming and Crypto industries by producing high quality content across multiple leading platforms which are easily accessible, secured by the most advanced and elite technology, user friendly and available to half of the world's population. NF Gaming has built its own ERC20 Token on the Ethereum blockchain which is the future of NF Gaming's mission to take Gaming to the Next Level. Distribution of the token will be done through mining or swapping a token via our games, it will also be available for purchase or trade via crypto exchanges, which also give the holder the ability to use the token for online purchasing with our affiliated partners

Our ecosystem consists of various levels such as but not limited to as future projects will be added:

Gaming

NF Gaming has been developing digital games since we were established. We have build our ecosystem around our ability to produce high quality games across multiple platforms which currently lead the gaming industry. We have now embarked on the journey to incorporate our crypto currency into our games allowing players to collect our Luminaire Token during gameplay.

Luminaire Token LUMN

Luminaire Token which holds the symbol of LUMN, is an ERC20 token which has been created on the Ethereum blockchain by NF Gaming. NF Gaming's Luminaire Token holds a critical place in the NF Gaming ecosystem and is regarded as the future of NF Gaming's upcoming releases. Luminaire has taken over our platform's foundation which allows NF Gaming to generate future releases built on blockchain and provide all Luminaire Token holders an advantage which benefits game players in our ecosystem and traders on exchanges.

Smart Partners

NF Gaming has affiliated itself with independent online partners that sell physical products through their portal. We have a smart agreement with these partners which will allow our Luminaire Token holders to participate in our Smart Partner program. This enables Luminaire Token holders to purchase physical products offered by our partners using LUMN tokens for payment. LUMN Token holders receive a 6.25% discount from our partners on the Total amount of their purchase when paying with LUMN tokens. Our Partners participating in our Smart Partner program can be found the NF Gaming website for easy access.

These are the key elements to the NF Gaming ecosystem that will create and increase the value of the LUMN token and allow new ventures and projects to be incorporated into our ecosystem.

03 Introduction to Luminaire (LUMN)

NF Gaming has created an ERC20 token Luminaire. Luminaire or LUMN is a utility Token which forms the future of the NF Gaming ecosystem. The LUMN Token is based on the world renowned Ethereum blockchain. Its Total Supply is 10 Billion. The holders of the LUMN or Luminaire Tokens will be rewarded with various benefits on the trading exchange, and in our future projects whether detailed within this white paper or not. If you are the holder of LUMN tokens, you are considered a Luminaire.

Allocation of Luminaire Tokens:

%	LUMN Tokens	Where?
5%	500,000,000	IEO Public Sale
10%	1,000,000,000	Exchange listings
20%	2,000,000,000	Product & Marketing
30%	3,000,000,000	Partnership & Ecosystem
25%	2,500,000,000	Team Operations
10%	1,000,000,000	Exchange/ Swop/ Mining

LUMN Value

Those who qualify for LUMN TOKEN swaps via the games are privileged to many benefits which includes but are not limited to:

100% Trading Fee Discount: We will offer a 100% Trading Fee Discount to the people who pay fees using the LUMN tokens to claim what they have earned in-game. We plan to run this program for 1 year and 6 months which will consist of 4 quarters with a duration of 4 and a half months per quarter in the following manner:

- First quarter: 100% trading fee discount
- Second quarter: 50% trading fee discount
- Third quarter: 12.5% trading fee discount
- Fourth quarter: 6.5% trading fee discount

Game Changer

Luminaire token holders get the power to suggest inputs and ideas for future feature releases through our Game Changer program which will be voted for by token holders, the awarded candidates are rewarded through our Game Changer program.

LUMN Mining

NF Gaming has restructured the concept of mining cryptocurrency. Mining Luminaire tokens can only be processed by playing our games and collecting the LUMN Token's which are embedded into the NF Gaming platform. You do not require anything more than a smartphone to be able to mine tokens from our games.

Smart Partner

Luminaire token holders are granted the opportunity to participate in our Smart Partner program by purchasing physical products offered by our partners using LUMN tokens. LUMN Token holders receive a 6.25% discount from our partners on the Total amount of their purchase when paying with LUMN tokens.

04 Meet the Team

Nadeem Fareed

Founder, CEO at NF Gaming.

He is on a mission to Take Gaming to the Next Level with the capabilities of Blockchain and he's awesome.

Farhaan Fareed

Co-Founder, CTO at NF Gaming

10 years of experience in service and computer repairs. Fan of blockchain technology and gaming. Front and Back end development for 2 Years.

Sherrifah Bibi

Business Development Manager and Chief Communications Officer

A developer and educator wrapped into one. Sherrifah has been educating students for 3 years in the ICT Field. Self-development is her greatest strength. Very passionate about crypto and blockchain technology.

Dira

Business Development Manager and Marketing Manager

Business owner and entrepreneur with more than 10 years of experience in Marketing and Development. She is a Big fan of the crypto space!

Shenaz

Executive Director and Main Analyst

Spent 25 years as CEO of Home of Décor & Designs, and Lil Kingz & Queenz Kidz Academy. She's an entrepreneur who has mastered audience targeting and analytics. A large trader and follower of cryptocurrency and one of the first to purchase bitcoins.
